Nail, Hand and Foot Treatments
European Manicure
A classic manicure featuring a warm soak, cuticle care, nail shaping and hand massage, followed with polish of your choice.

European Pedicure
A classic pedicure with warm soak, cuticle trimming, nail filing and toes massage. Followed by the polish of your choice.

French Manicure
Semi-permanent or acrylic manicure, the French manicure contains a French base. Polishing is achieved when the European Manicure is followed by a polish. Air-polymered to form a transparent center nail and white polish applied only to the tips.

Shellac Manicure
Innovative UV/LED gel polish provides chip-free, long-lasting wear. Colorfu, last-up allergies, contain no formaldehyde, toluene or D&B, to help you keep your nails and strength your natural nails.

When booking your appointment please inform the option staff if you presently have a Shellac Manicure, as an additional time will be added to your treatment.

Anti-Aging Hand Treatment with Manicure
All products used are combined with the exfoliating and deeply hydrating hand treatment. This leaves your hands soft, supple and ready for your manicure.

Perfect Sense Paraffin Treatment
Heated, individually sealed gloves and slippers ensures you of a paraffin wax treatment which perfectly cools and leaves your skin soft and supple.

Hair Removal and Waxing
Our aesthetic wax treatments are safe and gentle on the skin. However, do not recommend any waxing on the skin which is currently suffering from any waxing or hair removal techniques.

Eyebrow Wax
Body Wax
